Winter MAP Testing

Our Winter MAP Testing began on Monday, January 13. Our students have learned so much since August and we are excited to see their growth and celebrate their successes. Please make sure your son or daughter has a good night's sleep each night so they can be ready to do their best on the tests.

ACCESS Testing

Beginning January 29, some of our students will be completing ACCESS Testing. Students identified as English Language Learners will be tested in Listening Reading, Speaking, and Writing to ensure they are progressing towards English proficiency.

PowerSchool Parent Portal

Thank you to the many parents who have signed up to use Parent Portal. This portal allows you to access your child grades as soon as they are entered! If you do not have access, please stop by the office with your photo ID to get a copy of your log in information from Secretary Perez.

Cell Phones

We understand that many of our students have cell phones. Please remind your son or daughter to make sure his or her cell phone is either silenced or turned off once they get inside the building. If a phone is confiscated for any reason during the school day, it must be picked up from administration by a parent or guardian.

Social Media Usage

It has been brought to our attention that there has been an increase in the number of students using various forms of social media including Instagram, Snapchat, and Tik Tok. Parents we would like to remind you that each of these has a **minimum** age rating of 12. There have been several instances this school year where videos posted and shared on these platforms have caused disagreements between students. If you have given your child permission to download and use any form of social media, please closely monitor what is being shared. District 89 has and enforces strict policies on cyberbullying, searching and sharing of inappropriate materials that disrupts the educational environment.
